

## **Change of Packaging Bag Specifications for KURARAY POVAL™ and EXCEVAL™.**

Kuraray Co., Ltd. announce a change in the specifications of the packaging bags for KURARAY POVAL™ and EXCEVAL™.

The changes are as follows.

### **1. Information**

- KURARAY POVAL™ and EXCEVAL™ logo renewal
- Elimination of color code (upper left and lower right of bag) attachment and printing
- Contact address and phone number added
- Unified formatting and fonts globally
- Printing of brand name and lot number on both sides and front side globally
- Printing of bag number on each bag globally

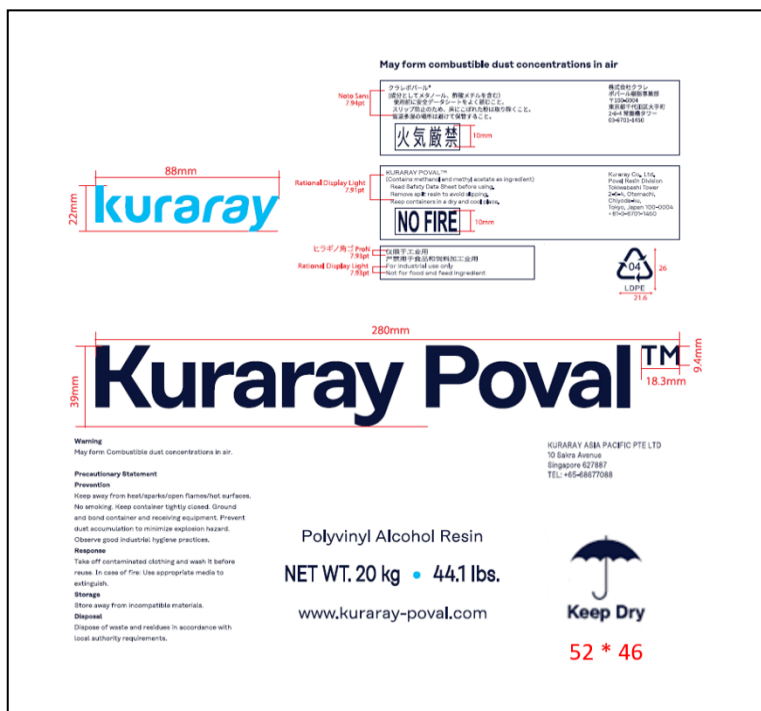

### **2. Period of change**

The new design will be introduced in phases, starting with production in April 2025 in Asia-Pacific. In North America, Central America, South America and Europe, the change will take place from the middle of this year.

Please note that the timing of the change may vary depending on the inventory of the old design bags and the timing of production.

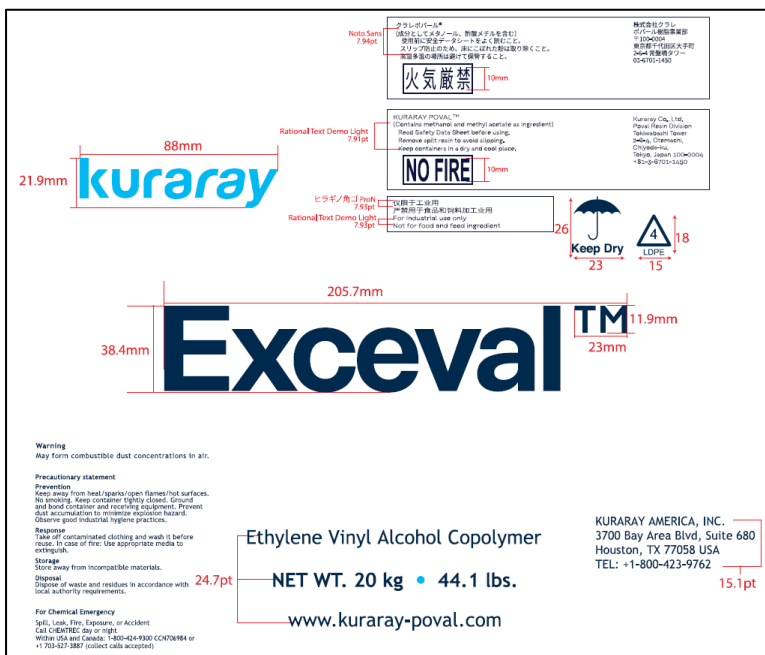

### **3. New Design (Please, find it below)**

- Asia-Pacific

(The green part means embossed, and the bag is white.)

- **North America, Central America and South America**

- Europe

Customers may contact their local Kuraray contact for further details.

Thank you for your kind consideration and understanding.

### About Kuraray

Kuraray is a globally active specialty chemicals company and manufacturer of innovative high-performance materials. The company produces its wide range of polyvinyl alcohol (PVOH/PVA) grades under well-known brands such as KURARAY POVAL™, EXCEVAL™, ELVANOL™, and MOWIFLEX™ in Japan, Singapore, Germany, and the USA.

Kuraray's global production and service network makes us your partner of choice for innovative high-quality PVOH resins.
