

News:

We're excited to announce that KURARAY POVAL™ will be participating in Specialty Papers Europe 2025, taking place from September 3rd to 4th, 2025, in Prague, Czech Republic!

Specialty Papers Europe is a premier event that brings together key stakeholders from across the paper and packaging value chain. It provides an excellent platform for exchanging insights, exploring innovations, and discussing the future of sustainable materials.

You are invited to visit us at **Table 10**, to learn more about our high-performance polyvinyl alcohol KURARAY POVAL™ (PVOH), EXCEVAL™ and EVAL™ EVOH products that enable sustainable paper and packaging applications. Our solutions support barrier coatings, adhesives, and paper treatments combining functionality with environmental responsibility.

To arrange a meeting during the event, please **contact your representative** at Kuraray or reach out via the [contact form](#).

We look forward to connecting with you in Prague!
