30.12.2013

Dear Sir or Madam:

On May 31, 2013, the second deadline for the registration of chemical substances according to **REACH Regulation** (EC) No 1907/2006 ended.

Kuraray Europe GmbH confirms that with regard to the product group

Mowiflex TC

it has fulfilled on due date all applicable registration obligations for their product relevant substances. This applies to registrations with deadlines of Nov 30, 2010 and May 31, 2013 as well as to the pre-registration of other substances with the 2018 deadline.

In addition, Kuraray Europe GmbH in its role as downstream user has received confirmation from its suppliers that they also have fulfilled their REACH obligations in time.

Please understand that - due to the large number of inquiries - we respond to customer requests in this general manner and do not complete written or internet questionnaires for our polymeric products.

If you have further questions, please do not hesitate to contact us via <u>REACH@kuraray.eu</u>. Any amendments of our statement, which may result from changes in REACH framework, will be covered by future information letters and will be published on our website <u>http://www.kuraray.eu</u>.

Sincerely yours,

KURARAY EUROPE GmbH

Dr. M. Baumgartner (Head of ESHA and Quality Management)
